

Please do not remove Air 1 from our regional broadcast, or any broadcast for that matter. Air 1 is an amazing radio service that has been a blessing to me and my family. For my family, my friends, and my co-workers, Air 1 has been a bright light of hope and encouragement. It sends priceless messages filled with wholesome values and wisdom. From the clips to the songs, everything is positive and encouraging and doing nothing but making a positive impact in the lives of those that listen. We need more stations like Air 1 that are about family-friendly programming. My family loves what Air 1 offers and has seen and heard how their services have not only changed lives but saved lives. Air 1 has encouraged me to live with integrity, love others, and even serve my community. These are just a few personal examples of why the service provided by Air 1 is in the public interest. If this is taken away, many people who lean on the encouraging words that Air 1 provides will be without a vital cheerleader they need on a daily basis - not to mention the countless others that have a major life change from their first encounter with Air 1. We need more Air 1 type programming, not less - please don't let Air 1 be lost. Thank you for your time.
